## **EMPLOYMENT OPPORTUNITY**

Position: CNC Repair Technician  
Salary: Competitive based on experience  
Location: This position is based out of our Westbrook, Maine Plant  
Date Issued: September 26, 2022  
Date Closed: Until Filled

D & G Machine Products, Inc., a Certified ISO 9001 & AS9100D Company with a Main Plant located in Westbrook and a Fabrication Plant located in Gorham, Maine, has been offering full-service Precision Machining, Fabrication, Painted and Assembled Machine Products for more than 50 Years.

D&G Machine supply's several Nationwide Industries that include: Aerospace, Computer Chip Production, Defense Contracts, Medical, Power Generation, and Maine's Paper Industry.

D&G Machine employees have the opportunity to advance within the company after receiving valuable experience, as proven with a majority of our engineers and managers being promoted from the shop floor.

D&G Machine is seeking a highly motivated individual who possesses a high level of technical aptitude, strong communication skills and proven ability to deal with complex problem solving to fill a full-time position of **CNC Repair Technician**.

### **Primary Responsibilities Include:**

- Installs, maintains, and repairs CNC and manual machinery, equipment, hydraulic components, & electrical systems.
- Ensures operations of machinery and mechanical equipment by completing preventive maintenance requirements on engines, motors, pneumatic tools, conveyors, systems, equipment, tools, and production machines; following diagrams, sketches, operations manuals, manufacturer's instructions, and engineering specifications; troubleshooting malfunctions.
- Locates sources of problems by observing mechanical devices in operations; listening for problems; using precision measuring and testing instruments.
- Performs electrical and/or mechanical troubleshooting and repairs in response to equipment errors or failures.
- Removes defective parts by dismantling devices, using hoists, cranes, and hand and power tools.

- Fabricates repair parts by using machine shop equipment.
- Identifies creative ways to reduce cost by streamlining processes and systems.
- Performs general facilities maintenance including maintaining physical structures, plumbing, and electrical systems when needed.
- Ensures that a clean, tidy and hazard free working environment is maintained to defined standards.
- Maintains technical knowledge by attending educational workshops; reviewing technical publications; establishing personal networks.
- Maintains continuity among work teams by documenting and communicating actions, irregularities, and continuing needs.
- Contributes to team effort by accomplishing related results as needed.

**Minimum Requirements:**

- A minimum of 5 years' experience repairing/troubleshooting CNC Mills, Lathes, lasers, and punch equipment.
- Formal education/training in CNC machine repair preferred.
- Extensive knowledge of various CNC controls; hydraulic, pneumatic and electronics theory; and the ability to troubleshoot problems.
- Experience in electrical, motor and hydraulic repair.
- Proven skills in the areas of implementing and performing PM's.
- Ability to read and work with mechanical diagrams and electrical schematics.
- Proven talent dealing with complex issues in a fast paced, multi-task environment.
- Ability to work independently and as a member of a team, establish priorities, and work collaboratively as a member of a diverse community.
- Must pass a post-employment offer drug screen and background check.
- Full COVID-19 vaccination required.

A competitive salary and benefits package is offered, including:

- Medical Insurance
- Dental Insurance
- Vision Insurance
- Supplemental Insurance
- Short Term Disability (employer paid)
- Long Term Disability
- Group Life Insurance (employer paid)
- 401k with employer match
- Paid Time Off (PTO)
